COME HOME, FATHER.

Father, dear father, come home with me now;
The clock in the steeple strikes one:
You said you were coming right home from the shop,
As soon as your day's work was done.
Our fire has gone out, our house is all dark,
And mother's been watching since tea.
With poor brother Benny so sick in her arms,
With no one to help her but me.
Come home come home! come home!

Father, dear father, come home with me now;
The clock in the steeple strikes two;
The night has grown colder, and Benny is worse,
But he has been calling for you;
Indeed, he is worse: Ma says he will die,
Perhaps before morning shall dawn:
And this is the message she sent me to bring;
Come quickly, or he will be gone!

Father, dear father, come home with me now;
The clock in the steeple strikes three;
The house is so lonely, the hours are so long
For poor weeping mother and me.
Yes, we are alone: p. or Benny is dead,
And gone with the angels of light:
And these were the very last words that he said:
"I want to kiss papa to-night."
Come home! come home! come home!
Please father, dear father, come home!
Hear the sweet voice of the child,
Which the night winds repeat as they roam;
Oh! who could resist this most plaintive of prayers:
Please father, dear father, come home!

A NEW THEORY OF THE TIDES.—The phenomenon of the tides has only been recently attributed to the moon, but the the theory of the tide on the side of the earth opposite the moon has never yet been satisfactorily explained. Professor Sullivan, with other geographers explain it is as owing to the body of the earth being drawn away by the attraction of the moon, leaving the water behind as a tide. But a young Canadian author, E. S. Wiggins, now claims the honor of having discovered the true theory, as appears from an article in the Picton *Times*. After showing the futility of the ipea that the earth is drawn toward the moon by such a small body, which, however, it never approaches, he gives the following explanation: 'On looking at a map of the world it will be seen that two great ridges of land, on nearly opposite sides of the earth formed by the great continent, intersect the watery world from north to south. Now, the moon passing transversely over these in her western course, owing to the rotary motion of the earth towards the east creates a tidal wave in the Atlantic, extending along the meridian of Western Africa and Europe. This follows the moon westward; but can continue no farther than the coast of the New World. Here, the resistance it receives, and its tendency to seek an equilibrium, it is reflected back and is recrossing the Atlantic by the time the moon has originated a similar wave on the opposite side of the earth in the Pacific.' This, he thinks, is plainly proven by the fact that—as has long been a source of marvel—the tides never appear but once in twenty-four hours south of Cape Horn or the Cape of Good Hope, owing, he opines, to the continents not extending far enough south to reflect the tide wave. All this seems plausible, when it is considered that in the mid-ocean the tides never rise higher than five feet, and that they are always later on the eastern coast of Great Britain than on the western, which all admit to result from the motion of the tidal wave towards the east. —*Toronto Leader.*

THE FARMER'S LIFE.—The life of a farmer is much longer, in a general sense, than the life of an individual who resides in the city; their average age at death is sixty-four, while the average of machinists is little more than thirty-six years, and that of Bank officers is more than sixty-three; that of coopers more than fifty-eight; that of public officers more than fifty-six; and that of a clergyman more than fifty-five. It is stated that the average of teachers is little more than thirty-four years. We think, however, there must be some mistake in this. The average for editors is forty, and for gentlemen, sixty-eight. Physicians, it will be observed, average nearly fifty-five years, while printers go a trifle beyond thirty-eight. It is said that like results have attended similar examinations in England.

A FAIR THING ON TIME.—The Placer *Herald* promises that if the Democratice party gets into power the fare on the railroad will be reduced. It reminds us of the two fellows who got a suit of clothes, telling Snip the price would be paid when a bet between them was decided. They bet on which way Bunker Hill Monument would fall if it ever should fall.—*Trespass.*

OUT OF DANGER.—"Father," said a cobbler's boy, as he was pegging away at an old shoe, "they say that the trout bite now." "Well, well," replied the old gentleman, "you stick to your work, and they won't bite you!"

OFFICIAL intelligence has been received from Sicily to the effect that the cholera has broken out in that island. A Government notice has just been issued establishing a fortnight's quarantine on vessels arriving from Calbria Ultra.

THE ISLAND OF CRETE.—For many years the United States has been trying to get possessions in the upper Mediterranean for a naval rendezvous. The civil war between the Cretans and the Government of the Sultan is likely to bring us just what we have so long coveted. Rather than allow his rebellious Christian subjects to achieve their independence, the Sultan, it is said, is willing to sell the Island to the United States; and rather than allow the Czar to have it all his own way, we presume France and England will not object to the transfer. The Island of Crete, or Candia, is about one hundred and fifty miles long, and has an average width of fifteen miles. It is nearly as large as the State of Massachusetts, has a fine climate, a good harbor, and 150,000 inhabitants, of whom two-thirds are Christians. It is the oldest civilized country in Europe, and was originally settled by the Carthagenians. It had its own kings and resisted every attempt made to conquer it, until the Roman conquest of Greece, which involved all the neighboring islands. It was taken by the Turks in the fourteenth century, and in 1830 was ceded to the Viceroy of Egypt who in 1841 was obliged to recede it to Turkey. It is one of the earliest of Christian countries, the Apostle Paul having introduced the faith in Crete, where Titus became his disciple. It is understood that the new Turkish Embassador who is on his way to Washington, comes with power from the Sultan to sell this island to the United States, and there is hardly a doubt if the proposition is made, that it will be accepted We shall probably have a Territorial delegate in the House of Representatives from the Island of Crete before the next decade, and perhaps Senators and Representatives from the "State of Crete" before the year 1880. Who knows but that the child is born who shall live to see the entire Hellenic Republic gathered under the protection of the Stars and Stripes?—*Alta.*

"BETSY, my dear," said Mr. Stubbs giving his wife a pair of damaged unmentionables, "have the goodness to mend these trousers. It will be as good as going to the play to-night." Mrs. S. took her needle, but confessing she could not see the point, remarked: "How so?" "Why my dear, you will see the wonderful *ravels* in the pant-o'-mine." Mrs. Stubbs finished the job, and handing back the unmentionables, told Stubbs: "That is darned good."

ECCLESIASTICAL.—The Solano *Herald* contradicts the report that the Hon. J. W. Coffroth is studying for the Ministry; but the editor ain't posted. A friend of Mr. Coffroth says that he is hard at work on Pilgrim's Progress and the Shorter Catechism, and is going as evangelical missionary to Salt Lake.

MRS. WILLIAMS, late the widow of Stephen A. Douglas, has brought a suit against the agent employed to settle the estate of her first husband. She alleges that he charged the heirs with the full claims, on which he had obtained considerable deductions, and appropriated the difference to his own behoof.

THE people of St. Petersburg, Russia, are said to attach the highest importance to the treaty ceding Russian America to the United States. They consider that the United States and Russia, moving west and east, will meet in a bond of fruitful commercial union on the Pacific.

Copy of the Report of the Committee of Awards a the Fair of the

AMERICAN INSTITUTE

NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,

HIGHEST Premium! Gold MEDAL!

REASONS:

1st.—Its simplicity and great range of work.

2d.—The Reversible Feed Motion.

3d.—The perfect finish and substantial manner in which the Machine is made.

4th.—The rapidity of its working and the quality of the work done.

5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficent, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

COUNTY CONVENTION.—The Convention was harmonious. The disappointed candidates yielded gracefully to the will of the people. Doubtless, considering that the number of the meritorious, through unswerving fidelity to the greatest of all human causes who presented no claims to the Convention for place or preferment, far outnumbered those who did, and whose claims were considered. Nor does it always happen that the best possible selections are made. So much depends on accident, on the impulse of the moment, on the passing events of the hour, on the unforeseen and unexpected actions of others. Still, general satisfaction has been given; the ticket, as a whole, is a strong one. Those who have failed in obtaining nominations, as also those who preferred no claims, will cheerfully acquiesce, knowing that all cannot have recognition at a single term. Most of the nominees are well known to the people. Messrs. Waldron and Spencer, on the Legislature ticket, not so widely known, are said to be solid, substantial men, unschooled in the tricks of mercenary politicians, and it is believed will make a record of which Placer county will not have cause of shame. Mr. Sewell, for County Clerk, is a plain, substantial man emphatically one of the people in voting for whom, one will find that the favor will be duly acknowled and modesty appreciated.

NOMINATIONS.—The following are the nominations made by the State Convention, which met at Sacramento on the 12th and 13th instants: for Governor, George C Gorham; Lieutenant Governor, John P Jones; Secretary of State, Wm. H. Parks; State Controller, Josiah Howell; Judge of Supreme Court, John Currey; for Surveyor General, C. F. Reed; Attorney General, J G. McCullough; State Printer, D. O McCarthy; State Treasurer R. Pacheco Harbor Commissioner, Charles Clayton Clerk of Supreme Court, R. H. Farquhar. We will publish the ticket in our next issue.

MEXICAN ADVICES.—By order of Escobedo Maximilian was to be tried by Court Martial on May 29th. On surrendering his sword, he is said to have exclaimed: "I surrender my sword owing to infamous treason, without which, to-morrow's sun would have seen you in my hands." He asked permission of the Court for Marine, Rival, and others to defend him. Maximilian then issued a proclamation as follows: "I came to Mexico, called and protected by Napolean, who to the ridicule of France abandoned me cowardly and infamously, upon the demand of the United States, after uselessly spending blood and treasure.—When the news of my death reaches Europe, all Monarchs of every age and country, will demand of the Napoleonic Dynastry an account of my blood, and the German and French blood shed in Mexico." These, probably, the last words of Maximilian, too clearly indicates the unreal importance he attached to himself as a member of a royal family of Europe. In this light he complacently views himself as no ordinary mortal, and that the cause of his death will be demanded of Napoleon by the Royal Brotherhood of Europe. The presumptions are, however, that the Royal families of Europe will receive the news in silence; and whatever may be their judgment, that of history will be, he failed to profit by the plainest and oft-repeated lessons of experience, blindly and obstinately courting his death.

STATE CONVENTION—FIRST DAY.—This body, on assembling, immediately organized by the admission of the Gorham (Short Hair) delegation from San Francisco and the Short Hair delegation from Sacramento, and then proceeded to nominate a candidate for Governor. Bidwell and Gorham were in nomination. The roll was then called and two or three majority was found for Gorham which was increased a few votes by changes from Bidwell to Gorham before the vote was returned. The Chair announced that Gorham received 148 votes and Bidwell 102.

THE CENTURY PLANT IN OAKLAND.—The Oakland News of Sune 11th says:

"The rapid growth of the flower stem of this plant in the garden of Potter is certainly more than any of the clever feats performed by the celebrated Japanese jugglers now in our city. Four weeks ago the first indications of blossoming were noticed; since that time over eight yards of vegetable matter have ascended through space in the form of a limbless tree; and notwithstanding its prosent flowerless aspect, the pleasure and interest created in the public mind far exceeds and is more satisfactory than that produced by the Japs. This is apparent by the crowds that have daily visited the garden during the past month. It therefore draws in whatever phase it is considered. On Saturday at noon the first indications of lateral shoots were observable, and by six P. M. they were over two inches in length. The plant, towards the latter part of the present week, will therefore appear in quite a new character altogether. The Committee in whose charge the arrangements are, intend to erect a platform around the plant with a winding stair leading thereto, so that visitors may be enabled to view the flowers more thoroughly during the period of full bloom, as the nearest flower will be many fifteen or eighteen feet from the ground.

A PAPER published at Saigon, a city, and river port at Aesam, Further India, reports some extraordinary items of natural history from the land of the Assamites. Among other wonders, it says, they have there a certain fish called Ca ong in the language of their country, which has distinguished itself to that degree that the King has bestowed upon it the proud title of "Nam sai dui bnong gnau," which, as every body knows, means "Great General of the South Sea." It appears that this laudible fish is in the habit of quietly paddling round the ships near the coast until somebody tumbles overboard. He then seizes him instantly, and, instead of eating him, gently carries him in his mouth to the shore. At Wung tau, near St. James' Cape, they keep a skeleton of this extraordinary philanthropist. It is about 35 feet long, possesses front teeth like an elephant, very large eyes, a black skin very smooth, a tail like a lobster, and two wings on the back.—*Appeal.*

THE Russian-American cession is regarded with great favor by nearly all the journals of the country, and causes many of them to predict that all of North America will ultimately be absorbed by the United States. The *New York Herald* writing in this strain, says: "Manifest destiny, under all these advantages, marks out the North American Continent as the future map of the United States. Men of the present generation may live to hear in Congress that the Speaker has appointed a member each from New York, Quebec, New Archangel, San Francisco, the City of Mexico, Panama, Havana, Hayti and Jamacia, as the House Committee on Foreign Affairs. If within the last six years we have put down a rebellion of over half a million of armed men, liberated four millions of slaves, conquered eight hundred thousand square miles of territory, and purchased four hundred and fifty thousand more, how long will it take us to absorb all North America?"

NEW PLACER DIGGINGS.—From developments made during the winter, and now going forward, enough has been discovered to warrant the statement that rich gravel deposits exist on the line and immediately above the Dutch Flat branch of the Yuba ditch, about nine miles above here, near Camp No. 2. The gravel, mixed with debris lying on and below the rim, has been washed away, exposing a quartz gravel deposit which prospects well. Into this a tunnel is now being run. The gravel looks well and appears to be from six to eight feet deep, on which is superposed a deep stratum of pipe clay, making drift diggings. The washings yielded well. Below the ditch, also, gravel prospects have been found.

OAKLAND will soon be entitled to the name of the Cambridge of California. Her 'College' proper has just graduated two students, one of whom carried off the first honors, and the other bagged the second appointment! Good boys: may they live until with a half century of glorious retrospective they gaeet a graduating class of one hundred.

SAN FRANCISCO SEAWALL.—Money has accumulated so rapidly in the fund for the construction of the seawall at San Francisco that the Harbor Commissioners are about to let a contract for the building of the first section. The fund now amounts to $250,000, and is accumulating at the rate of $25,000 a month, that being the amount received for the month of May.

PROLIFIC.—Mrs. Waters, wife of James Waters, living in Bonne Femme Bottom, below Burlington, in Boone county, Missouri, was recently delivered of four boys at a birth, weighing six pounds each, all alive and kicking. She had previously had six boys at three births, and has now had six boys in less than one year. She is an appropriate resident of Boone Femme Bottom, and may indeed be said to be a boon to Boone county.

GENERAL GRANT says he don't agree with Thad. Stevens, in saying that the military reconstruction bills do not present offers of admission terms to the South.

MINING ACCIDENT.—Last night about half-past nine o'clock a cave occurred in the Overman mine burying a man named James Carson. News of the accident was at once brought to the town, and for a time much uneasiness was felt, as it was at first thought that the man could not possibly be alive under the pile of rocks and earth said to have fallen upon him; but finally it was ascertained that the man had been taken out alive and well, with the exception of a badly bruised leg. He had a narrow escape, as the cave was of sufficient weight and extent to have killed a dozen men.—*Gold Hill News.*

MASONIC BALL.—The fraternity of Masons at Illinoistown give a grand ball on the evening of the 24th inst. The occasion is the laying of the corner stone of the new Masonic Hall at that place. The Committee of Invitation at Dutch Flat is I. T. Coffin, C. M. Kopp; Gold Run, J. Y. Thomas, H. Hackett; Cisco, D. W. Parkhurst, J. Jones; Red Dog, R. McGowan, W. A. Begole. A gay, heart-relieving time is anticipated. Oh! who would not seek relief and true comfort find.

A NEWSPAPER correspondent says that Secretary McCulloch is happy over his debt statement for last month. He says if Congress will let him alone he will bring gold to $1 15 or $1 20 by December, and without a stringent money market. His idea is, that the Government and the banks can easily resume specie payment within two years and without any panics or troubles among business men.

NOTICE.

THE UNDERSIGNED TAKES THIS method of expressing his gratefulness to the Phœnix Insurance Company of Hartford, Conn., also, to the Aetna Insurance Company, of the same place, for their promptness in paying to him the amount for which the property was insured at the time of its destruction. My house and furniture was destroyed by fire on the 2d instant, their Agent, Mr. Herbert Bird, was upon the ground on the 28th, viewed the ruins, and on the 29th paid me the amount due, viz: Forty-five hundred dollars, ($4.500.) Again expressing my sincere thanks, and feeling that such promptness should not be entirely unnotive, I subscribe myself,

Perry Davis' Vegetable Pain Killer, after a thorough trial, by innumerable living witnesses, has proved itself THE MEDICINE OF THE AGE. Although there has been many medicinal preparations brought before the public since the first introduction of Perry Davis' Vegetable Pain Killer, and large amounts expended in their introduction, the Pain Killer has continued to steadily advance in the estimation of the world as the best Family Medicine ever introduced. It is an internal and external remedy. One positive proof of its efficacy is, that the sales have constantly increased and wholly upon its own merits. The effect of the Pain Killer upon the patient, when taken internally in cases of Cold, Cough, Bowel Complaints, Cholera, Dysentery, and other affections of the system; has been truly wonderful, and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain, as an external remedy, in cases of Burns, Bruises, Sores, Sprains, Cuts, Sting of Insects, and other causes of suffering, has secured for it such a host of testimony, as an almost infallible remedy, that it will be handed down to posterity as one of the greatest medical discoveries of the nineteenth century.

As an internal remedy, has NO equal. In cases of cholera, summer complaint, dyspepsia, dysentery, Asthma, it cures in one night, by taking it internally, and bathing with it freely. It is the best liniment in America. Its action is like magic, when externally applied to bad sores, scalds, and sprains. For the sick headache and toothache, don't fail to try it. In short, it is a Pain Killer.

PERRY DAVIS' PAIN KILLER.—This medicine has become an article of commerce, a thing no medicine has ever became before. Pain Killer is as much an item in every bale of goods sent to country merchants as tea, coffee, or sugar. This speaks volumes in its favor.—GLEN'S FALLS MESSENGER. d1.

A JOLLIFICATION.—The Sacramento *Union* gives the following account of the performers and the political jubilee held over the nomination of Geo. C. Gorham for Governor;

"La t evening, after the Convention adjourned, the friends of George C. Gorham, the nominee for Governor, assembled at the Magnolia saloon and had a fine and lively time. The saloon and the adjoining hall was densely crowded. Near the center of the hall a table held the wine, and adjacent thereto a chair was placed which answered as a platform for the different speakers. F. M. Pixley, Senator Conness, Governor Low, Judge Brockway, Judge McFarland of Nevada, ex-Congressman Higby, Belden of Nevada, Wilcox of Mariposa, Denio of Marin, Wm. Dudley of Calaveras, Lippit of Sonoma, David Mahony of San Francisco, and Sears of Nevada, as well as Gorham, the nominee entertained the audience in short speeches, each indorsing heartily the nominee. The wine-drinking and speaking continued till about two o'clock this morning. Much enthusiasm was manifested.

A YOUNG COUPLE.—A youth of sixteen, and a girl of fourteen years of age, eloped in New Britain, Connecticut, recently, but the girl's father caught them at the doorway of a Justice, in an adjoining town, horse-whipped the lad, seized his daughter by the arm, seated her on the horse, behind him, promised her a good spanking when they got home, forbid the would-be husband from ever being seen in New Britain again, and slowly galloped home.

SOMETHING OF THE ANGEL STILL.—A prisoner died in the California State Prison. His wife and her mother deplored the need of allowing him to be buried in the prison grounds, but were too poor to help it. The prisoners voluntarily contributed the means to secure the removal of the body and a burial in Lone Mountain. That, considering the authors, is what might be termed "an action of the beautiful."—Trespass.

INDIAN RAIDS.—A dispatch from Portland says: On the 17th of May, twenty-four Indians made an attack on the Summit Springs station, and drove off twenty-one head of horses, sixteen belonging to Hill Beachey's stage line. The Indians were mounted on splendid horses, said to have belonged to the Second Cavalry. On the 16th the Indians drove off seventeen head of horses and mules from Brougham's ranch, on Flat creek.

THE plan of a bridge from Calais to Dover, connecting England and France, is said to have been drawn by a French engineer. The cost of its construction is estimated at $80,000,000, and it will be built on piers protected against the waves by buffers thirty feet thick. The plan, gigantic as it is, is held not to be impossible of execution.

THE Omaha Republican is informed by the managers of the Chicago and Northwestern Railroad that it is their intention to put a train on the road between Chicago and Omaha, to be called the Omaha fast train, which will make the time between the two cities in twenty-five hours.

A VALUABLE HORSE.—There will be a novelty on exhibition at the French Exposition that is worthy of special notice. It is an artificial horse. When ready for the road it will travel twenty-five miles, and then it may be wound up and will go the same distance, and so ad infinitum.

PAYING THE PREACHER.—The silver brick gotten up by the people of Virginia City, to be presented to Rev. Mr. Earle, for his successful ministrations in that region, is valued at $800. It will be forwarded to him before his departure for the East.

SAVAGE DIVIDEND.—The Savage Mining Company, of Virginia City, have just declared a dividend of two hundred dollars per foot, after carrying over ninety to one hundred thousand dollars surplus.

GENEROUS.—The ladies at Moore's Flat, a few evenings ago, held a festival in aid of Mrs. Turner, whose husband was killed by a mining accident, and realized $650.

BORN.

In Dutch Flat, June 12th, the wife of E. L. Bradley, of a son.

At Colfax, June 12th, the wife of E. S. Yeates, of a daughter.

Lebanon Mining Company.—Notice is hereby given that at a meeting of the Trustees of the above company held on Saturday the 20th day of April, 1867, an assessment of Five dollars ($5.00) per share was levied upon the capital stock of said company payable on Monday, the 24th day of May, 1867, to the Secretary in gold coin, at his office on Prospect Hill, Placer County. Any stock upon which said assessment shall remain unpaid on the 24th day of June will be advertised on that day as delinquent, and unless payment be made before will be sold on the 5th day of July, 1867, to pay the delinquent assessments together with costs of advertising and the expenses of sale.

"JES' SO!"—"EXACTLY!"—Solon Shingle said; they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters; if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters and they never failed to set him on his pins square and firm.
A few bottles of PLANTATION BITTERS
Will cure Nervous Headache,
" Cold Extremities and Feverish Lips,
" Sour Stomach and Fetid Breath,
" Flatulency and Indigestion,
" Nervous Affections,
" Excessive Fatigue and Short Breath,
" Pain over the Eyes,
" Mental Despondency,

After a long research, we are able to present the most pleasant, the most remarkable cure for those horrid nightmare diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!
It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.
The report that it relies upon mineral substances for its active properties are wholly false.
The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold as low as a good one, they find some support from parties who do not care what they sell. MUSTANG LINIMENT.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.
For cuts, sprains, burns, swellings and caked breasts, the Mexican Mustang Liniment is a certain cure.
For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.
For spavined horses, the poll evil, ringbone and sweeney, the Mexican Mustang Liniment never fails.
For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.
Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.
It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.
"In lifting the kettle from the fire, it tipped and scalded me terribly. * * The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.
CHAS. FOSTER, 420 Broad str., Phil.
Mr. S. Litch, of Hide Park, Vt., writes: "My horse was considered worthless, (spavin) but since the use of the Mustang Liniment I have sold him for $150. Your Liniment is doing wonders up here."
All genuine is wrapped in steel plate engravings, signed G. W. Westbrook, Chemist and also has the private U. S. stamp of Demas Barnes & Co., over the top. Look closely. Sold by all Druggists at 25, 50 cents, and $1.

ESSENCE OF JAMAICA GINGER.
THIS valuable preparation, consisting in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.
As a tonic it will be found invaluable to persons recovering from debility whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.
It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.
It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and menta organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that he one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands o sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires med cal or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectible standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public prtronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was smal, for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my addres and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

San Francisco, June 16, 1863.

subscribed and sworn to before me, this 21st day of June, A. D. 1864.

[L. S.] A. S. GOULD, Notary Public.

Seminal Weakness—A Sworn to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but til 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.

[L. S.] A. G. RANDALL, Notary Public.

To Females.

When a female is in trouble, or afflicted with diseases as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, they should go or write once to the celebrated female doctor, W. K. Doherty, at his Medical Institute, and consult him about their troubles and disease. The Doctor is effecting more cures than any other physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful sufferings and premature death. All Married Ladies whose delicate health or other circumstances prevent an increase in their families should write or call at Dr. W. K. Doherty's Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation

To Correspondents.

Patients residing in any part of the State, however distant, who may desire the opinion and advice of Dr. Doherty on their respective cases, and who think proper to submit a written statement of such, in preference to holding a personal interview, are respectfully assured that their communications will be held most sacred. Dr. Doherty takes this opportunity of observing, that all letters are only opened and replied to by himself, and the latter as promptly as possible.

If the case be fully and candidly described, personal communication will be superseded, as instructions for diet, regimen, and the general treatment of the case (including the remedies), will be forwarded without delay, and in such a manner as to convey no purport of the letter or parcel so transmitted. ☞ Consultation at the office FREE. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentleman who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

SPECIAL MEDICAL NOTICE.—DR. CHAS. H. TOZER would most respectfully inform the sick and afflicted that his MEDICAL INSTITUTE is at the same place, corner of Kearny and Jackson streets, San Francisco, where he has been established for many years, for the cure of special complaints. Having relinquished my old modes of advertising, which has become so common with all the Quack Doctors of San Francisco, filling up the newspapers with false references, for the purpose of imposing upon strangers, I think it is only necessary to inform those in need of a Physician of long experience and successful practice, that I can be consulted at all business hours, at my Medical Institute, corner of Kearny and Jackson streets, San Francisco.

Ladies suffering from the Whites, Piles, Weakness of the Back, Pain in the Side, Headache, Palpitation of the Heart, Derangement of their Monthly Sickness, and all other diseases that the Female System is subject to, will find prompt relief by applying to DR. TOZER.

My Female Monthly Pills were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office. Price $5 00 with full directions on each Box. Sent by mail or express.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No, 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are confounded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and scaling in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhœa, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to her sex, can consult the doctor, with the assurance of relief.

MEDICAL.

DR. CHAS. H. TOZER'S

PRIVATE MEDICAL INSTITUTE,
N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on DR. TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula.

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs, Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodings, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents.

TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.
